

Danielle Miller Wagner

Program Director
International City/County Management Association

PROFESSIONAL EXPERIENCE

INTERNATIONAL CITY/COUNTY MANAGEMENT ASSOCIATION WASHINGTON, DC (11/01-PRESENT)

Director, Brownfields Program

Develop and manage projects and supervise personnel to conduct research, technical assistance, and training regarding brownfields cleanup and redevelopment and environmental justice issues. Manage staff of eight. Seek funding for new projects and support existing cooperative agreements, contracts, and grants from federal government agencies and foundations. Responsibilities include managing the planning process for the National Brownfields Conference as well as a series of projects to inform local government officials and other brownfields practitioners on the processes, best practices, and strategies for brownfields redevelopment.

VERSAR, INC. SPRINGFIELD, VA (8/99-11/01)

Supervisor, Environmental Services Group

Oversee team to support government clients on a variety of projects, including: facilitating community involvement in redevelopment efforts at co-located brownfields and Superfund sites; assessing the use of institutional controls at Federal facilities; developing materials and training programs on the management of unexploded ordnance at closed, transferred, and transferring military ranges; and supporting the development of products to help EPA, DoD, DOE, and other Federal agencies improve environmental data quality. Responsible for project management including budget tracking, monthly reporting, developing work plans, and supervision of subcontractors.

ISRAEL-PALESTINE CENTER FOR RESEARCH AND INFORMATION (IPCRI) BETHLEHEM, WEST BANK (1/98-12/98)

Environmental Program Coordinator

Worked with Palestinian and Israeli government officials, industry, university scientists and NGOs to develop and implement cooperative environmental programs for Israelis and Palestinians. Sought and assisted in the management of funding from international donors. Marketed programs aimed at improving the environmental practices and policies in both communities. Major activities included establishing a multinational and multidisciplinary program to prevent and respond to chemical emergencies in Israel, the West Bank and Gaza, authoring a long term applied research project on dioxin contamination in the region, creating a system for recycling used motor oil from the Palestinian Authority, and others.

THE GLOBE PROGRAM -WASHINGTON, D.C. (12/93-12/97)

Senior Policy Analyst for International Programs

Facilitated international participation in the Global Learning and Observations to Benefit the Environment (GLOBE) Program, an inter-agency environmental education and hands-on science program. Responsibilities included marketing the program internationally, negotiating bilateral agreements for cooperation in GLOBE, providing scientific and operational guidance to program implementers in the Middle East, Asia and Latin America. Developed partnerships with organizations focusing on international cooperation, sustainable development, information technology and environmental education.

WHITE HOUSE OFFICE OF THE NATIONAL PERFORMANCE REVIEW/REINVENTING GOVERNMENT AND OFFICE ON ENVIRONMENTAL POLICY - WASHINGTON, D.C. (7/93-12/93)

White House Intern

Participated in the roll out of the Reinventing Government Initiative. Responsibilities included gathering information from OMB officials, analyzing data and making recommendations to streamline the OMB Circular process. Participated in the design of the initial implementation of the GLOBE Program. Responsibilities included recruiting members for and coordinating a 20-plus member interagency working group. In addition, conducted research for the Administration's Superfund task force.
